Andhra Pradesh State Skill Development Corporation Tadepalli
Siemens Center of Excellence

Details of Mechatronics Laboratory

The Mechatronics Laboratory imparts expertise in the field of Mechatronics system/process.

Participants are trained on various Electrical Components, Mechanical Components, Pneumatics & EPneumatics and Digital Fundamentals troubleshooting Techniques with System Approach. Its benefits student from all streams to have cross field knowledge.

Equipment & Software

- ❖ Modular Automation
- ❖ Production System (MAPS 6S)
- ❖ 5 Individual Station of MAP-6S
- ❖ Siemens S7-1200 PLC's
- ❖ Diagnostic Kit 2006
- ❖ Siemens TIA Portal V13

Specialized Modules

- ❖ Basics of Mechatronics
